MEMORANDUM FOR THE RECORD

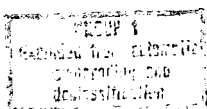

X1 SUBJECT: Trip to [] on Super Wide Print
Straightener

- X1 1. [] 25X
[] on 22 July 1968 for a pre-delivery demonstration. They
intended to cancel the meeting on 12 July 1968 but no one at the Center
was notified. Dirt on the cloth belt was the stated reason for the cancellation.
- X1 2. We were shown the machine with one of the new modifications removed.
X1 [] (newly hired engineer [] apparently was given the job of
getting the machine to work, but not specifically to make it meet the contract-
ual requirement. [] promised to convey to them the pertinent parts of
the T&E Acceptance Test Procedure (NPIC/TDS/EP-537-67, dated 29 Aug 1967).
3. As a bonus we were shown some of their low light level projects
that have reached the hardware stage.
